

## CALL FOR TROOPS AT CANNELBURG.

### MILITIA IS WANTED IN INDI- ANA TODAY.

Mob of the Strikers Seized Baltimore & Ohio Trains Yesterday Afternoon and the Sheriff Says He Must Have Help—Attempts Being Made to End the Strike.

INDIANAPOLIS, Ind., June 2.—A telegram was received at the governor's office last night from Sheriff Leming and Judge Heffron of Daviess county asking for troops to quell armed strikers at Cannelburg. It is stated that there are 200 of them, but the number is expected to increase to 600 very soon. They have seized the trains on the Baltimore & Ohio Southwestern and are not only refusing to let any coal pass but are acting in a lawless and insolent manner, defying the sheriff when he read to them a restraining order issued by the local court. The sheriff states that he is unable to organize a posse of citizens large enough to cope with the strikers, who refused to acknowledge the service of process. The prospects are that mail trains will not escape interference, as the miners are excited and beyond the reasoning point.

Private Secretary King wired Gov. Matthews, who, with Adj.-Gen. Robbins and their wives and other state officials, was attending the ball dedicating the new armory of the Terre Haute Rifles at Terre Haute. The militia of the state, it is understood, has been ordered to get under arms and the Indianapolis companies are busy cleaning up their rifles. It is expected they will start to-day.

Gov. Matthews has been placed in a delicate and trying position by Attorney-General Smith, who in an interview denies that the governor has power to use the troops except at the expense of the county calling for them, as the state fund for this purpose is about exhausted. The governor, however, says he will use every dollar in the treasury to preserve the peace.

### SETTLED BY ARBITRATION.

#### National Tube Company's Strike to Be Ended.

McKEESPORT, Pa., June 2.—The strike of the National Tube company's employes may be settled by arbitration. The firm has consented to this method.

KNOXVILLE, Tenn., June 2.—The Jellico miners have been successful in prevailing upon the Coal Creek miners to join the strike again, and yesterday the 4,000 men who returned to work a few days ago laid down their tools.

CADDO, I. T., June 2.—Gov. Jones of the Kiowa Nation announces that he never requested the United States government to send troops to the territory to protect the miners.

WALSBERG, Colo., June 2.—Six hundred striking coal miners started south yesterday to bring out the miners in other camps.

NEW CASTLE, Colo., June 2.—The coal miners here struck yesterday and have picketed the approaches to the mines.

ST. LOUIS, Mo., June 2.—The 1,500 union carpenters who went out yesterday to secure an adjustment of wages will return to work to-day. The rate of 35 cents an hour demanded by the carpenters was accepted by the contractors.

### MINERS MOVE TO BURN BRIDGES.

#### Will Try to Stop Coal Traffic on the Norfolk & Western Road.

COLUMBUS, Ohio, June 2.—At midnight a dispatch was received from Sheriff Hunt of Pike county that 1,000 miners were moving overland from Wellston to Waverly for the purpose of burning the Norfolk & Western railroad bridge at that point. A hundred deputies were at once sworn in and placed to guard the bridge. The grievance against the Norfolk & Western road is that it has been hauling "scab" coal from the Pocahontas field. The road is hauling coal from the Pocahontas district, where the operators are paying the price demanded, and 3,500 miners are out of work. President McBride immediately sent dispatches to officials of the association at Coalton and Wellston ordering them not to allow the stoppage of trains under any circumstances. Gov. McKinley will at once order troops to the scene if any disturbance occurs.

### COAL VALLEY MEN GO OUT.

#### The Last Mine in the Vicinity of Moline Is Closed.

MOLINE, Ill., June 2.—Yesterday the sixty miners employed in the Coal Valley region near here struck. This shuts off the last source of supply of coal for the three cities and a serious coal famine is threatened.

PANA, Ill., June 2.—State President J. A. Crawford of the Miners' union was here all day yesterday in secret session with the strikers, attempting to organize a union. He secured only about 200 members out of the 1,000 miners working here. In the secret meeting to-day Crawford boldly declared that all the miners in Pana would yet be compelled to come out.

SHELBYVILLE, Ill., June 2.—Striking miners from Ottawa have been interfering somewhat with the working miners at Fancher, and yesterday, at the request of the operators, Sheriff Colbert went down with a few depu-

ties and laid down the law to the visitors. The Ottawa men agreed not to interfere further and the sheriff and his posse returned to town.

### PEACE REIGNS IN IOWA.

#### Troops Invited by the Strikers to Attend a Barbecue To-Morrow.

DES MOINES, Iowa, June 2.—Reports from Muchakinock and Evans state that all is quiet and no trouble anticipated. The state troops are having a good time and nothing to do. It is probable they will be withdrawn soon, the preservation of order being left to the sheriff and his deputies and sixty Pinkertons employed by the Northwestern railway company. The strikers are congregating from towns in the vicinity to hold a monstrous meeting and barbecue Sunday, and 2,000 are expected to be present. President Clarkson of the State Miners' union had a conference with Major Loper, commanding the troops, and invited the militia to attend the barbecue.

### TO STOP BIG FOUR COAL SHIPMENTS.

#### Coal Strikers May Gather at Kankakee to Shut Off Traffic.

KANKAKEE, Ill., June 2.—Messages were received here last night saying the coal strikers had concluded it would amount to nothing to stop the Big Four from shipping coal over the Seneca branch, so they would march to this city to prevent the using of the branch and turning coal over to the Central for Chicago. The strikers are making the attempt at Braidwood to prevent the Alton hauling coal. If successful an attempt on the Big Four at Kankakee may follow. The sheriff will protect the company's interest even if a resort to arms is necessary.

### TO END THE STRIKE.

#### Settlement Plan Said to Be Under Consideration.

NEW YORK, June 2.—Capitalists in New York who control the chief coal railroads in Ohio state that the soft coal strike, so far as Ohio, Pennsylvania and Indiana are concerned, will undoubtedly be settled next Tuesday or Wednesday at the latest. An understanding, they say, has been reached with President McBride of the United Mine Workers whereby it is expected that the operators of these three states will meet the men half way. The Ohio mine owners, it is said, finally saw that it was to their interest to offer the men an advance of 10 cents a ton, although the latter demanded 20, and, according to Mr. McBride, the Ohio districts are willing to compromise on that basis.

### TO LEAVE ILLINOIS OUT.

#### Proposed Plan for Settling the Strike by Interstate Agreement.

TERRE HAUTE, Ind., June 2.—Within a few days an effort will be made to effect an interstate agreement between the coal miners and operators of Indiana, Ohio and the Pittsburgh district of Pennsylvania. President John McBride of the United Mine Workers will seek to have this done, waiving the stipulations that he has hitherto made that Illinois must be in the agreement before the men in any state would be allowed to sign a scale. With Illinois out of the scale of wages is not likely to be as high as it otherwise would have been. The Ohio and Indiana operators have worked in union with McBride in the effort to force Illinois into line and will help form the smaller interstate association.

### Troops Wanted at Shelburn.

TERRE HAUTE, Ind., June 2.—Gov. Matthews will wait until Sheriff Mills of Sullivan county makes one more effort to have the captured coal at Shelburn on the Evansville & Terre Haute road before he orders out the militia. Yesterday the sheriff again read the governor's proclamation to the men, but they did not listen to it with respect. They said that it did not apply to them at all, because it was addressed to organized bodies of men, and that they are not organized, not even belonging to the Miners' union. They were determined that the coal should not be moved and when the engine was coupled to the train the men and women climbed up, set the brakes and uncoupled the cars. Sheriff Mills telegraphed to the governor at Indianapolis and the governor telegraphed him to meet him in Terre Haute.

### Attempt to Burn a Pump House.

OSKALOOSA, Iowa, June 2.—An attempt to burn down an isolated pump house near No. 6 shaft was made yesterday, the woodwork being saturated with oil. The fire was discovered by a watchman. It now looks as if the backbone had gone out of the cleaning-out army. Clarkson and Reynolds are for all peaceable measures, but the southern men are hard to control, being largely foreigners and anarchists. The troops remain close in their camp day and night.

### Miners Will Hold a Conference.

COLUMBUS, Ohio, June 2.—The officers of the United Mine Workers of America will hold a consultation here next Tuesday on the coal situation. Mr. McBride says: "The whole situation hinges on the company in Illinois, the Consolidated Coal company, alias the Wabash railroad, which controls eighty-one mines, or one-fourth of the output of Illinois."

### Non-Union Men Banned by Strikers.

SCOTTDALE, Pa. June 2.—Several carloads of non-union men were brought into the region by special train yesterday.

## MANDERSON'S TALK ON SUGAR MAKING.

### TRUST SCHEDULE DISCUSSED IN THE SENATE.

Mr. Manderson Opens the Fight Over What He Calls a Sweet and Sentimental Subject—No Stock in Bribery Charges—Great Beet Sugar Country.

WASHINGTON, June 2.—The great battle over the sugar schedule was opened yesterday by Senator Manderson. The McKinley law placed raw sugar on the free list, imposed  $\frac{1}{2}$  cent duty on refined sugar and gave a bounty of 2 cents to the sugar-grower. The house bill repealed the bounty and placed all sugars, raw and refined, on the free list. The first bill reported from the senate finance committee gave a specific duty of 1 cent to 2.25 per pound, according to polariscope test. The "compromise" measure, which is the one now before the senate, made the sugar schedule go into effect Jan. 1, 1895, the rates being 40 per cent ad valorem on all sugars, raw and refined, one-eighth of 1 cent additional on sugars above No. 16 Dutch standard, with an additional one-tenth of 1 cent a pound on sugars from countries paying export bounties. It also continued the sugar treaty with Hawaii.

The sugar schedule, Senator Manderson continued, was the interesting schedule of the bill. It contained both sweetness and light. It seemed to pervade the whole bill. The bill could not be touched without laying hands on sugar. The senate had even departed from the consideration of the bill to make exploration in sugar, not in the cornfields of Nebraska, but in the committee room. The saccharine principle as it impregnated all nature invaded every feature of this bill. Senator Manderson then proceeded to argue in favor of protection for the sugar-growing industry of the country. The consumption of sugar in the United States was enormous, he said. Almost five billion pounds of raw sugar had been consumed last year, representing, if grown and refined abroad, a grand total of \$182,000,000 to be paid to foreigners. Free sugar would mean the immediate destruction of the beet sugar industry and the gradual extinction of cane sugar production in the southern states. If properly protected he prophesied that before 1905 the beet sugar production would have so developed in the north and cane sugar in the south that the United States could supply the full consumption of the country. Beet sugar growing offered an important industry to the farmers. When developed to the extent necessary to supply the home demand it would afford a crop of 2,000,000 acres. Was it any wonder that the farmers of the west wanted a continuation of the sugar bounty? They were enthusiastic over the prospect. It was the great boon which they asked congress to save to them. Every acre planted in beets meant twenty days' labor to a man.

No country in the world, Mr. Manderson said, was so well adapted to produce beet sugar as the United States. Beet growing ultimately would displace cane growing. Cane contained 13 per cent of sucrose, or crystalline sugar, sorghum but 9 per cent, while beets give from 15 to 19 per cent of crystalline sugar. There was no connection, he declared, between the sugar grower and the odious sugar trust. Mr. Peffer next spoke at great length in support of a bounty instead of a duty on sugar. It was 5:45 when Mr. Peffer concluded.

Mr. Harris, in charge of the tariff bill, then moved that the senate proceed to the consideration of executive business. Before he made the motion he declared with emphasis that the country was impatient and had a right to be impatient over the slow progress made with this bill, and that business interests everywhere were suffering an utterly inexcusable delay. He gave notice that after Monday he would, if he were able, compel the senate to endure longer hours until the bill was disposed of. Adjourned.

### House Proceedings.

WASHINGTON, June 2.—The house yesterday passed the senate bill providing for the carrying out of the award of the Paris tribunal of arbitration for the protection of seals in Behring sea. A senate resolution directing the President to give six months' notice to the Russian government of the abrogation of the last treaty between the two countries was, under the rules, sent to the committee on foreign affairs. The house went into committee of the whole to consider the Brawley state bank bill. Mr. Baotius of Pennsylvania addressed the house.

Mr. Henderson (rep., Ill.) defended the existing national banking system and recalled the events of panics of past years under the state bank regimes.

The next advocate of repeal was Mr. Tucker (dem., Va.), who took the ground that any tax laid not for the purpose of raising revenue but to "kill" off an industry was an improper law. Mr. Islar (dem., S. C.), successor in the house of Mr. Brawley, the author of the bill, next argued in favor of state bank issues. At 5 o'clock the committee rose, and a recess was taken.

## PUEBLO NOW A LAKE; HER LOSS \$200,000.

### THIRTY NINE BUSINESS HOUSES FLOODED.

Damage in the Main Part of the City is Very Heavy—Ninety-five Miles of the Northern Pacific Railroad Under Water—Torrents of Water Sweep Everything.

PUEBLO, Col., June 2.—Thirty-nine out of one hundred and twenty-seven business houses in the city, are inundated. The loss is fully two hundred thousand dollars.

TACOMA, Washington, June 2.—The Northern Pacific has ninety-five miles of track under water between Horse Plains, Mont., and Hope, Idaho. The water is continuing to rise.

VANCOUVER, B. C., June 2.—Terrible destruction has been wrought by the floods in the Fraser valley and throughout this entire region. Thousands of families have been rendered homeless, many lives were lost, while the loss of property will reach into the millions. The full extent of the calamity is not yet known, nor will be for several days, as the waters are still rising, threatening even greater havoc.

The Fraser river rose ten inches at Westminster yesterday and last night. The water was three inches above the highest historical mark. The flood is still rising. From points further up the river come reports that the river is nearly two feet higher than has ever been known.

Fraser valley for a hundred miles has been inundated. So great has been the destruction that ocean steamers passing in through the straits of San Juan de Fuca are now encountering floating roofs of houses and barns, and innumerable carcasses of hogs, sheep and cattle that have passed out through the Fraser's mouth with other debris from the valley. It is estimated that over 2,000 families are homeless and that a property loss of fully \$3,000,000 has been suffered.

Steamers from the rivers and Puget Sound are still being pressed into the work of rescue. Though no more lives have been lost during the last two days, there have been many narrow escapes and thrilling experiences. Many families have been driven from their houses. One steamer brought 307 settlers from Westminster late last night. Among them was the family of one of the ranchers from near Langley. The man had built a strong raft, upon which he took his entire family and ten blooded horses. They were rescued in midstream after having been afloat ten hours. At many points there is great destitution among the luckless settlers, who have fled from their homes.

At the Salmon river settlements, where the water is ten feet deep on the flat, many families are huddled together on the highlands and living on one scanty meal a day. The rescuing steamers have neglected them to care for others who are in greater danger.

At Hatzie the steamer Transfer sailed up over farms and fences, over the Hatzie bridge and the dyke, and tied up to the rails of the Canadian Pacific track, seven miles from where the river formerly ran. The Transfer secured the wife of Rancher McDermott from the roof of her floating house. Her husband, who had failed in his efforts to rescue her, was found later in a small skiff. Both were nearly crazy. The big schoolhouse from Nicolen island floated by New Westminster last night intact.

Both Vancouver and New Westminster are cut off from the outside world. Even the telegraph is not to be depended upon, as the wires have been constantly in trouble. Every effort is being made to relieve the flood sufferers, but facilities and means are utterly inadequate to meet the demand. The Canadian Pacific has 1,000 men at work repairing its track, but the flood is breaking it faster than they can possibly mend it.

The result of the flood, it is now seen, will be to utterly stop all farming operations along the Fraser for this season, and the natural result will be a fearful trade depression in the cities of New Westminster and Vancouver, which depended upon this to a large extent.

### House Wrecked by a Dynamite Bomb.

ATLANTA, Ga., June 2.—A dynamite bomb was exploded at midnight almost under the home of D. C. Wall on Walker street. Wall is a railway engineer. The side of the house was shattered but no one was injured. The police think the explosion was the work of a personal enemy of the engineer.

### Four Badly Hurt in a Collision.

DAYTON, Ohio, June 2.—The New York, Pennsylvania & Ohio passenger train No. 51, due here at 2:30 a. m., collided with a special Cincinnati, Hamilton & Dayton freight train seven miles from the city, near Miamisburg, yesterday morning. Four train hands were severely injured, but it is not thought fatally.

### Crawford Named for Congress.

SPRINGFIELD, Ill., June 2.—James A. Crawford, president of the Illinois Miners' federation, was yesterday nominated for congress from the Seventh district by the people's party and accepted the nomination.

### NOT COMMUNICATIVE.

#### Representative Warner Tells Little About the Sugar Trust to Investigators.

WASHINGTON, June 2.—Representative John De Witt Warner of New York was before the senate sugar investigating committee for an hour yesterday. He refused when he left the committee room to divulge the proceedings in committee or to state what replies he had made to questions as to the influence of the trust. Representative Warner announced before he was sworn his intention of reserving the privilege as a member of the house of answering only such questions as might be thought proper. The committee says that the testimony which Mr. Warner refused to give was of a hearsay character and not of such importance that would warrant any extraordinary methods to obtain.

The committee will not go to New York to take testimony nor will it resume its sessions until next Monday, to await the appearance of a witness. Walter E. Gaston of Wilkesbarre, Pa., who has been represented as having overheard the conversation at the Arlington hotel last March between certain United States senators and members of the sugar trust. Mr. Gaston has expressed a willingness to appear and tell all that he knows. The persons whose names he may give will be called next.

### DANGER OF LYNCHING.

#### Two Men Arrested at Palmyra, Mo., Charged with Attempted Murder.

QUINCY, Ill., June 2.—Two men are under arrest at Palmyra, Mo., charged with robbery and attempted murder. At 1 o'clock yesterday morning they effected an entrance to the residence of Mr. J. W. Russell, cashier of the Marion County Savings bank, one of the most popular citizens of Palmyra, and shot and badly wounded both Mr. and Mrs. Russell. The men escaped, but late in the afternoon they were captured and brought back to Palmyra. The jail is surrounded by a great crowd of excited citizens, and lynching is freely talked of. All the crowd needs is assurance that the two men are the guilty ones. Mrs. Russell's wound is serious but not fatal, and as soon as she is a little more composed the men will be taken before her for identification.

### KELLY'S MEN DROWN.

#### At Least Two Meet Death in the River at St. Louis.

ST. LOUIS, Mo., June 2.—The transfer boat, Henry Sackman, struck one of the boats of Coxey's fleet on the Illinois side of the river, opposite Anna street, yesterday and capsized it. Two men are known to have been drowned, but their names are not known. Several others are said to be missing. The fleet passed Sulphur Springs at 5 p. m. A message received from Jefferson barracks, about ten miles down the river, said while off that place one of the boats turned over, throwing thirty-eight men into the water. All but three men, who are missing, were rescued and the fleet continued on its journey.

### IRON HALL OFFICIALS INDICTED

#### True Bills Against Somerby, Baker, Glading, and Eckersley at Philadelphia.

PHILADELPHIA, Pa., June 2.—The grand jury yesterday found a true bill of indictment against Freeman D. Somerby, Charles H. Baker, Joseph Glading and James H. Eckersley, supreme justice, supreme cashier, chairman of the committee on laws and supervision, and member of the committee on finance and accounts, respectively, of the Supreme Sitting of the Order of the Iron Hall. They are charged with conspiring to defraud the order by converting \$200,000 of its funds to the Mutual Banking, Surety, Trust, and Safe Deposit company, and with obstructing the administration of public justice.

### Finds the Reverend Prisoner Guilty.

ROCK ISLAND, Ill., June 2.—After a day and night spent in deliberation the jury in the W. E. Stevens case returned a verdict of guilty. Stevens is an ex-preacher, a society man of Moline and a leader in that city. He was arrested on a charge of criminal assault. The jury decided that he pass one year of repentance in Joliet.

### Public Debt Decreased \$640,879.

WASHINGTON, June 2.—The monthly debt statement shows a net cash balance in the treasury of \$117,854,335, of which \$73,693,237 is gold reserve. There was a decrease in the public debt during the month of \$640,879. The available cash in the treasury decreased during the month \$7,343,450.

## A SUMMER SCHOOL TO BE HELD HERE.

### JANESVILLE GETS ONE OF THE UNIVERSITY OFFSHOOTS.

Thurston Blakeley Will Conduct the School—Professors Mayne, and Borden, and Superintendents Ross and Throne Heartily in Favor of the Work.

MADISON, June 2.—Janesville is to have a summer school for teachers all of its own next summer. Arrangements have now been completed by Thurston Blakeley, who, aided by other students of the state university will conduct it. Professor Mayne, of the Janesville schools, as well as Professor Borden, of Milton Junction, and County Superintendents Throne and Ross are also interested in the project and will do all that they can to further the project.

At the close of the session the superintendents will hold examinations for first, second and third grade certificates thus giving teachers a chance to prepare in those branches in which they need preparation before the opening of the next school year. Louis Fales, who won first place in the mile walk went to Chicago yesterday where he will today represent Wisconsin in the walk held at the inter-collegiate field day meet held at Chicago today.

### STRIKE HURTS TRADE.

#### Business Shows the Effects of Mining Troubles.

NEW YORK, June 2.—R. G. Dun & Co.'s weekly review of trade says: It is a sign of cheering import that in finished business, represented by clearings and railway tonnage, there has been less decrease since the strike began than might have been expected. But in inchoate business, the orders which start the wheel, to result in tonnage and payment weeks or months later, there seems to be an actual decrease. Meanwhile the consequent interruption of traffic and industry increases. The stoppage of iron furnaces between the Alleghany mountains and the Mississippi river has become complete and a great number of concerns manufacturing iron, and others requiring soft coal or coke for fuel, have been forced to stop. Business can not increase in volume under such circumstances, and yet payments through all clearing houses for the week show a decrease of only 20.8 per cent compared with last year.

Again the lowest price ever recorded has been made for cash wheat, 56½ cents at New York, while the average in May, 1892, was 90 cents, and in April, 1891, \$1.18½. Western receipts are naturally small, only 1,358,864 bushels for the week, against 2,919,599 last year, but Atlantic exports were only 807,800 bushels against 2,241,010 last year. Coin is stronger, with exports about half as large as a year ago, and the unfavorable outlook for oats results in a higher price. Pork products are weak, with continuing large receipts. Cotton has varied little, though receipts from plantations have fallen off, for stocks in sight are very large, a new crop, for which prospects are decidedly good, is drawing near, and the demand for goods is uncertain.

Liabilities reported in failures for the fourth week of May were \$2,393,087, and for four weeks ending May 24, \$11,391,042, of which \$4,445,605 were of manufacturing and \$5,805,991 of trading concerns. Reports yet to come in may increase the aggregate to \$14,000,000 for the month. Failures this week have been 133 in the United States, against 238 last year, and 27 in Canada, against 21 last year. Only two failures, both banking, are for \$100,000 or more.

### AGAINST INCOME TAX.

#### Big Meeting at New York Denounces Proposed Legislation.

NEW YORK, June 2.—An immense meeting to protest against the proposed income tax was held in Carnegie music hall last night. The speakers who took part represented enormous interests, financial and commercial, embracing banking, life insurance, commerce, commission, groceries, fire underwriting and other business widely scattered through the community and bearing directly upon the business interests of the country at large. After resolutions strongly denouncing the tax, the following was passed:

"Resolved, That we, as representatives of the greatest commercial and business interests of the Union, most earnestly appeal to the members of the United States senate, when voting upon the proposition, to exercise the broadest sense of justice in behalf of the entire country, and to be governed by their own conscientious judgment rather than by any party caucus or conference for the purpose of obtaining alluring compromises and imaginary or temporary advantages."

### Omaha Fire Is Slight.

OMAHA, Neb., June 1.—A fire which started at 3 o'clock, a. m., in the printing office of Fred A. Manger on South Thirteenth street caused a loss of \$25,000. The fire is believed to have been of incendiary origin.

### Talmage En Route to Honolulu.

SAN FRANCISCO, June 2.—T. De Witt Talmage left for Honolulu and Australia yesterday on the steamer Alameda.

## BOWER CITY GREEKS TELL OF ALCESTIS.

### GREEK TABLEAUX AT THE CON- GREGATIONAL CHURCH.

Closiophilic Club's Work In English Literature Ends With a Presentation of Robert Browning's Beautiful Translation—Effective Work Done in the Production.

In flowing Greek robes the members of the Closiophilic club appeared before their friends last night.

Their theater was the chapel of the Congregational church.

A winter's work in English literature was to be summed up in the presentation of Robert Browning's translation of "Alcestis."

The Closiophilic was organized by some of the young people of the Congregational church last December. Only those who were willing to work hard and regularly, were enrolled. These were the officers:

President—H. C. Buell.

Vice President—Miss Winifred Kent.

Secretary—Edward Holmes.

Frem Chaucer to Browning the club went in its winter's work.

The final mile stone, as said before, was marked by last evening's entertainment. Each member of the club was privileged to invite five guests, and the chapel was well filled at 8 o'clock when Miss Fannie Ryckman arose. With keen appreciation of the author's shading she read the story of King Admetos' doom; the refusal of his father, and his mother to die in his place; the declaration of Alcestis, his wife, that she would go to the land of shades in his stead, and Apollo's intercession with Death for the life of Admetos without the sacrifice of Alcestis. Sliding doors parted and Apollo was seen pleading with Death.

Seven Handsome Tableaux.

In quick succession came the seven tableaux with explanatory readings. Alcestis' farewell to Admetos, the scenes of mourning, Hercules' chance arrival, his struggle with Death for the life of Alcestis, and the triumphant restoration of Alcestis were all pictured. These were the tableaux in their order: "Alcestis' Admonition to Admetos," "Like Hates Like," "Grief in the House of Alcestis," Hercules Informed of Alcestis' Death, "Hercules Wrestling With Death," "Restoration of Alcestis" and the "Departure of Hercules." The characters were assigned as follows:

Admetos—H. C. Buell.

Death—Edward Holmes.

Hercules—Eugene Row.

Apollo—A. L. Stone.

Alcestis—Miss Cora Sutherland.

Peres—J. E. Wallin.

Mother of Admetos—Miss Alice Ehlis.

Maids—Misses Lou Kent, Jessie Shearer, Ada Mayhew and Julia Ehlis.

They were faithfully and effectively costumed help being given in this direction by Charles Windsor of Beloit college who was connected with a similar production in Beloit and gave the club the benefit of his experience and the use of photographs showing the various groupings. Edward Holmes and Miss Lou Kent were in charge of the production.

Music Lent Variety.

Variety was given to the programme by interspersing musical numbers.

Mandolin selections by the Harmonica club were warmly applauded, and Miss Sophie Weisend was twice called upon for piano solos. Miss Cora Anderson's song was so thoroughly appreciated that she was forced to respond to the recall.

"The Only Girl I Ever Loved," was a tableau that showed Eugene Row dozing while a dozen pretty girls, grouped in a corner of the room, formed the basis of a highly enjoyable reminiscent dream.

When the programme had been finished, the members of the club adjourned to Miss Del'a Stout's home on North Jackson street, to enjoy refreshments, the Harmonica club being guests. The scene was a pretty one, the young ladies in Grecian robes lending color, and the tables being embellished with roses. Cream and cake were served and after the rooms had been cleared there was mandolin music and Miss Ryckman read a breezy history of the club's first winter. The club will meet but once again before next winter, that being next Friday when there will be a picnic on the Wallin farm near Fulton.

## WATERTOWN FOLK COMING HERE

Train Load of Excursionists Will Be With Us Tomorrow.

Half of Watertown will be with us tomorrow. A special train bringing an excursion to Crystal Springs will arrive in Janesville at 9:30 o'clock and headed by a brass band, march to the steamboat landing. With them will come the Watertown base ball nine which they will try conclusions with the Athletics. The nine is a good one and as Janesville has not yet been beaten a good game will result. The Columbia and Enterprise will be running to and from the grounds all day as usual and the town will probably be looked over by a good many people. Captain Buchholz intends to push the excursion business as much as possible this season, arguing that it is a good thing both for him and the town.

### Medicine In Bread.

DR. S. K. JACKSON.

The acids most generally employed in baking powder for the purpose of liberating the gas are the sulphuric (alum) and tartaric (cream tartar) which are objectionable for the reason that their salts possess medicinal properties and produce upon the human system effects which may not be needed at the time, or at least as often as food is taken, for no one would like to take a dose of medicine every time he eats bread. It was a happy thought of Prof. Hoesford that suggested the employment of an acid (phosphoric) which, while it sets free the carbonic gas, also restores to the flour much of its nutrient ingredients which were lost in its manufacture. This, together with the fact that it communicates no unpleasant taste, and at the same time effectually secures the purpose of all baking powders, should commend his preparation to all desiring palatable and wholesome bread.

## ALL C. & N. W. CREWS WILL CHANGE HERE.

### THE "DIVISION END" MOVED BACK FROM HARVARD.

After Monday All Trains Will Be Be Manned in the Bower City and Many Employees Will Move Their Families Here—Small Yards Are a Disadvantage.

Janesville will again be the division end of the Chicago & Northwestern road on and after next Monday, and tears and wails will be as plentiful in Harvard as prickles on a gooseberry bush. This arrangement is much more satisfactory than the old one both to trainmen and the dispatchers as it regulates the length of the division and makes it about the same as the other divisions. It is of great help to Janesville as all the crews that run out of Chicago change in Janesville as do also the other crews from the north. This is quite an item and will result in many of the employees in the train service making Janesville their home. There is only one objection, the railroad men say, to the arrangement, but that is a serious one and one that cannot be remedied very easily. It is the lack of yard room and switching facilities. The Janesville yards are much too small, and there is no room, at the present place, to enlarge them. At the same time the yards are not the right shape, and are not convenient for two switch engines to work on.

The change has been in progress for some time, each new time card making Janesville the division end for another train or two, and Monday will see them all transferred. While business is as light as it is at present all the work can be done here as well as at Harvard but should it pick up as it did once before when Janesville was the division end blocked yards and trouble galore would result. When the change was in operation before this was the chief trouble, and trains would be side tracked as far north as the "Black Bridge" waiting for a chance to get into the yards.

### EVANGELISTS IN MILTON JUNCTION.

Eight Young Men at Work—Dr. Wardner's Estate Over \$15,000

MILTON JUNCTION, June 1—Eight young men evangelists from Beloit, will hold a series of meetings here, beginning Friday evening and continuing until Monday. Friday and Saturday the meetings will be held in the Seventh Day Baptist church; Sunday in the Methodist church. Willis P. Clarke gave his lecture on "Prehistoric Man" at the Methodist church last Thursday night for the benefit of the high school. Clinton Chamberlain had a son and family from St. Paul and another son from St. Louis, visiting him last week. They came to attend the wedding of their brother Louis. Mrs. Angelina Williams is enjoying a visit from her daughter, Mrs. Minnie Kamp, of Huron, South Dakota. It is estimated that the late Dr. Wardner left an estate of between fifteen and twenty thousand dollars. Nettie Coon and her cousin, James Millard visited at Mr. DeLaney's at Albion, Thursday. Dennis Welch, who has been sick a long time with consumption died Sunday. The funeral was held Tuesday. The remains were buried in the Catholic cemetery at Janesville. Mrs. J. Kelly has been quite sick the past week. Mrs. M. J. Clark and her niece will start for the east next week to begone two months. Mr. Palmer district lecturer for the I. O. G. T. gave a fine lecture at the hall last Tuesday eve at the open session of the lodge. Those who were not present missed a good deal. Mr. and Mrs. Paul B. Crandall, of Walworth, visited relatives here the past week. Rev. George Burdick started Thursday for Coloma station to attend the yearly meeting of the Seventh Day Baptist churches of Northern Wisconsin. His pulpit will be occupied Sabbath morning by one of the evangelists from Beloit. Mrs. Frank Geisler from Knox, Ind., is visiting at Dr. W. H. Oviatt. Mr. and Mrs. Reed of Walworth visited Albert Maxson the past week. W. H. Coon and wife, of Utica, stopped at Lafayette Coon's for dinner Monday, on their way to Wausau, and Dodge Center, Minn., for a six weeks' visit. Mrs. H. E. Miner is in very poor health. Mrs. Randal is poorly. Mrs. Anson Rose is more comfortable. Prof. D. O. Hibbard, of Walworth, spent Wednesday in this vicinity. Bert Maxson, of Evansville, was in Milton Junction one day this week. George Coon, who has been in Illinois the past three weeks on insurance business came home Decoration day. Mrs. Reynolds, of Hebron, visited her sister, Mrs. Vanlone, one day last week. Milton Junction people turned out en masse to help the Milton people celebrate Decoration day. Mrs. F. W. Coon, of Edgerton, spent Thursday with relatives here. George K. Butts has a brother and his family visiting him from Evansville. Mr. Levy, the new jeweler, is moving into the front part of the store occupied by S. Crandall. Mr. and Mrs. Lane Partridge have a girl baby. Miss Susie Stetson and her sister from Chicago and Mrs. Flower of West Superior visited Mrs. Will Sowle one day this week. The junior class of the high school cleared twenty-nine dollars from the lecture and ice cream last Thursday night. Louis Chamberlain of this place and Miss Mina McVeigh of Minneapolis were married at the residence of Mr. Chamberlain last Thursday.

## JANESVILLE'S PATROL IS A MODEL

Paper On Its Workings Called By the Montreal Convention.

Chief Engineer Spencer of this city will read a paper before the National Association of fire engineers in Montreal August 14-17, his subject being "The Service and Economy of Fire Patrols in Small Cities." A program embracing eleven topics upon which papers will be prepared by Chief Engineers of different cities has been issued by Secretary Henry A. Hille, formerly chief of the Cincinnati fire department. The titles of these topics indicate the educational advantages of these gatherings of fire department officers and the instructions gained by taking part therein. The titles are:

1—"The best plan to extinguish a fire in a cellar, stored with oil when the only entrance to same is on the inside of the building."

2—"Fire in attic of frame building; best plan for extinguishing same; should streams be thrown from both ends, or holes through roof, or both?"

3—"Should not a uniform coupling be adopted in cities within a radius of fifty miles, and where they are not of the same size and style should not interchangeable couplings be provided?"

4—"Is it not the duty of cities and towns provided with a system of water works, to place in the fire stations water gauges that the fire department may at all times become familiar with the state of water pressure, and keep a daily record of the same?"

5—"Stand pipes for large buildings."

6—"The proper location of gas meters in buildings."

7—"The service and economy of fire patrols or salvage corps in small cities."

8—"Should not the size of our hose, nozzles, hydrants and engines be increased to keep pace with the large areas and so called slow burning construction in vogue in mercantile buildings of the present day? And how can they be increased and be practicable to handle?"

9—"How best to handle brush and prairie fires that threaten suburban residences beyond the reach of the water service."

10—"How should buildings be constructed to be the least affected by the expansion force of material used therein when exposed to excessive heat?"

11—"What tests should be required from a water company for a renewal of a ten years' contract by a town of eight to ten thousand people relying exclusively upon hydrant streams for fire duty."

Besides the papers to be read on these topics, chief engineers from all parts of the country will discuss the same.

Prominent men from different parts of the country will read papers on the following subjects:

"The modern fire department," "Theatre fire catastrophes," "The progress of electricity in municipalities," "Fire extinguishment in high buildings," "Continuation of danger of electric wires," "Slow burning mill construction," "Dynamo currents as applied to fire alarms."

### CHURCH SOCIALS DREW CROWDS

Many Attended the Two That Were Set For Last Evening.

A very successful cake sale was held by the ladies of the Congregational church in the store opposite the post office today.

Church socials entertained many Janesville people last evening. A mission social was held at the residence of Rev. E. H. Pence, pastor of the Presbyterian church, a musical and literary programme being rendered.

At the Sunday school room of Court Street Methodist church the Epworth League gave an ice cream social. Besides partaking of the refreshments those in attendance were treated to a very enjoyable musical programme.

## LARD BLAZES HIGH IN GHERKE'S SHOP.

### CENTENNIAL BAKERY IN FLAMES AT 7 O'CLOCK.

Bakers Heat Fat in an Old Stove and Are Driven Out of the Building By re-Chance For Serious Loss, The Entire Block on East Milwaukee Being Threatened.

The Centennial bakery, 113 East Milwaukee street, was damaged about two hundred dollars this morning by fire. The property is owned and occupied by August Gehrke, and is uninsured.

The alarm was sent in from box 24 at 7:05 o'clock and was responded to quickly by the fire department. Bakers were heating lard on an old stove right in front of the oven. The lard took fire, the flames quickly communicating with the building and in a moment the whole interior was on fire, a dense smoke pouring out of the openings and windows. There was considerable excitement among adjacent property owners, they fearing an extensive fire. The horses and carriages were quickly removed from Will Davis' livery stable next west of the bakery. The fire department laid half a dozen lines of hose and had the two deluge pipes ready for use in case they should be required. However, the fire was quickly extinguished with slight damage, all things considered.

**A Story Lincoln Told Grant.**

Chronologically the talk had come to Grant's journey east to assume general command and his first meeting with Lincoln. "Did he give you his impression of Lincoln when he returned from that interview?" I asked.

"Not exactly," answered Colonel Grant. "You see, I was with him at the time."

"In Washington?"

"Yes. In Washington and in the White House, with him and Lincoln." "Is it true that Lincoln quoted a story about Captain Bob Shorty and the Mackerel brigade from the Orpheus C. Kerr papers to your father at that meeting?" I asked.

"Very likely, though I don't remember. The story that I do remember hearing him tell my father that day was about Jocko. Jocko was the commander of an army of monkeys in a monkey war, and he was always sure that if his tail was a little longer he could end the monkey war. So he kept asking the authorities of the monkey republic for more of a tail. They got other monkey tails and spliced them on his. His spliced tail got too long to drag after him, and they wound it around his body. Still he wanted more, and they wound his spliced tail about his shoulders. Finally it got so heavy that it broke his back. Mr. Lincoln applied the story to the cases of generals who were always calling for more men and never did anything with them."—McClure's Magazine.

**Shrubs For Shady Places.**

The fragrant bush honeysuckle does finely in such a place. The flowering raspberry grows in the greatest abundance wild in hollow and moderately damp places in woods. Snowberry and red Indian currant bushes do nicely in shady places; so do common privets. Most all kinds of trailing honeysuckles thrive in the shade so far as growing well is concerned; so do trailing roses like Wichuraiana nitida and lucida grow in the shade. In dry, somewhat shady ravines barberry bushes, sweet fern and wax myrtle are at home, and in the better ground mahonia shrub, yellow root and evergreen euonymus should thrive. Then there are mountain laurel, wild rhododendrons, blueberry and upland huckleberry bushes, maple leaved viburnum and lots of others.

**The Yellow Glow of the Horizon.**

Painted on the sky by the setting sun, is beautiful. Not so the yellow glow of a face tinged with bile. And oh! the unspeakable discomfort that bile in the wrong place produces. Twinges in the right side and under the right shoulder blade, nausea, vertigo, sick headache, constipation, faulty digestion. Not in an instant can the symptoms of biliousness be dispelled, but persistence in the use of Hostetter's Stomach Bitters will eradicate them, restore digestion and regularity of the bowels, and counteract tendencies to more aggravated complaints, which an interruption of these functions begets. Rheumatism, inactivity of the kidneys and bladder, neuralgia, and inability to sleep, are also remedied by the genial preventative and restorative of nerve force and tranquility. As an antidote to the poison of malaria, it is unfailing and prompt. A wine-glassful three times a day.

**GRAND FREE EXCURSION**

.....TO THE NEW CITY OF.....

**COLUMBIA, WIS., JUNE 22, 1894.**

5000 acres of land and 1200 lots at the new city of Columbia, Wis., having been sold and wishing to sell as much as possible by July 1, 1894, of the remaining 20,000 acres of land and 2,000 lots, The Columbia Improvement Company of Janesville, Wis., have decided to give a Grand Free Excursion, June 22, 1894, leaving Chicago and Milwaukee at 8 p. m., Janesville at 11 p. m. June 22; Madison at 1 a. m. June 23. Tickets good going only on this train, returning on any train before July 1, 1894. Round trip rate from Chicago only \$16; Milwaukee \$11.60; Janesville \$11.10 and Madison \$8.72.

Believing a great many people want to and will buy land and lots after seeing the same, but do not wish to advance the money for a ticket before they have seen the property, we make them this liberal offer: **A FREE RIDE AND A FREE LOT**

To those who send us, on or before the day of the excursion, \$16 for a lot at Columbia, we will give a full warranty deed and abstract for the same also a first-class ticket from any of the above named places to Columbia and return. In case they buy 40 acres or more of land, on or before July 1, 1894, the amount paid will be allowed on the first payment. Thus giving a grand ride and a lot in the city of Columbia, free.

**Land \$7.50 Per Acre; Only \$2 Per Acre Down. Bal. On Long Time.**

In case you do not buy land you have a lot well worth the money paid and a free ride. Any one who wishes to buy a ticket without a lot can do so at the above price, if they will notify us on or before June 22, 1894, and if they buy a \$16 lot or 40 acres or more of land while at Columbia, we will allow the amount paid for the ticket on the purchase price.

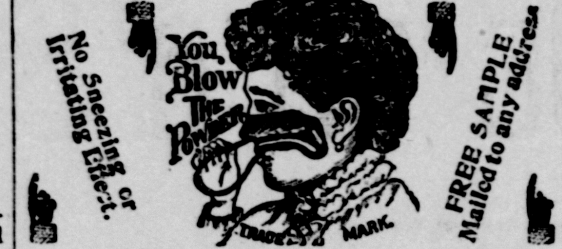

It is expected that a large number of people will take advantage of this liberal offer. Send in your orders early that we may arrange for suitable accommodations. As fast as orders are received the best unsold \$16 lots will be deeded.

Money should be sent by Express Order, Registered Letter or Bank Draft to us or to the Merchants & Mechanics' Savings Bank, Janesville, Wis. Tickets and lots can be purchased from our authorized agents.

## THIS DAY IN HISTORY

597—Ethelbert, king of Kent, was baptized, and soon all the Saxons of Kent abandoned heathenism.

1743—Cagliostro, the most daring and successful impostor of modern times, born in Italy; died in prison 1785.

1773—John Randolph of Roanoke born in Virginia; died 1833.

1816—John Godfrey Saxe, humorous poet, born in Highgate, Vt.; died 1887. Grace Aguilar, English Jewess and author, born at Hackney; died 1847.

1851—Ashley Cooper, earl of Shaftesbury, for 40 years a member of the house of lords, died in Dorsetshire; born 1768.

1881—Paul Emile Littré, French philologist and historian, died at Paris; born 1801.

1882—Giuseppe Garibaldi, Italian patriot and soldier, died in Capri; born in Nice 1807.

1890—Matt Morgan, artist and cartoonist, died in New York, aged 44.

## BORROWED HIS NAME.

The local democracy must be on shaky ground when substitution of names is relied on to support free trade doctrines. A defence of the Wilson bill is reprinted in the Recorder from the Western Rural, and the signature of George Goocher, of La Prairie, is affixed.

Mr. Goocher is not spending any time defending the Wilson bill. He is common with many other Rock county farmers has suffered too much from the disturbances following the introduction of that measure to waste any words in its support.

"I never saw the letter," he said to a Gazette reporter, "until it appeared in print, and the sentiments are precisely opposite to mine. It will be a good many years from now when I raise my voice for free trade, after the experience we have had with tariff tinkering this year."

Mr. Goocher speaks for a host of Rock county farmers as the democrats will learn next November.

## AN EXAMPLE TO UNCLE SAM.

Since March last, England has had a detachment of three hundred men of the Marine Artillery, assisted by a large force of laborers, engaged in strengthening the fortifications at the twin harbors of Victoria and Esquimaux. England proposes to have a Gibraltar at that main gateway to British Columbia, and has already arranged to spend \$5,000,000 on the work, a larger sum than congress has devoted this year to all our Atlantic coast defenses. The English strongholds in North America will be Halifax and Victoria, and no fortresses in the world will be stronger.

Secretary Carlisle refuses to talk about the dwindling gold fund and the necessity for another sale of bonds but his silence does not prevent the country from understanding the situation, and seeing that the public debt must be increased to meet the accumulating democratic deficits.

All the time that a lot of democrats are trying to read Hill out of the party he is standing a good deal nearer than they do to the platform of 1892 on which they were all elected.

## NEW INSURANCE CO. PLANNED.

Chairman Sutherland Will Call a Meeting of the Local Board.

The Janesville advisory board of the Citizens' Fire Insurance Association has received some important papers from the headquarters in Des Moines, one being a proposition for the organization of a mutual insurance association, on a plan radically different from the old mutual companies. Chairman George G. Sutherland will call a meeting of the advisory board in this city, at which members of the association will be invited to discuss the plan. Chairman Sutherland, while not having examined the plan carefully, considers it feasible, and one, if taken hold of by all the smaller cities, will result in greatly reducing insurance rates. The association also wants the common council to order an investigation into the causes of all fires so reliable figures can be obtained.

## WILLIAMS WONT DIE THIS TIME

Ounce of Laudanum Has Been Overcome After Hard Work.

Robert Williams, who attempted suicide yesterday by swallowing an ounce of laudanum at his home on Ringgold street, is rapidly recovering from the effects of the poison.

"We worked hard on him for three hours," said Dr. Q. O. Sutherland this morning. "When I arrived at the house he was almost gone and I had my doubts about resuscitating him. I at once resolved to try permanganate of potash, a comparatively new remedy, one that has been in use about one year, and it worked successfully. It was administered hypodermically. I remained with Williams until he

straightened out and commenced to breathe easily."

## BANQUET HALL FOR ODDFELLOWS

Lodge Room on Main Street to be Remodeled By the Order.

Oddfellows hall on North Main street is to be considerably changed.

At the regular meeting of Rock Encampment No. 3, held last evening it was resolved to remodel the south part of the third floor and construct a commodious banquet hall, the work to be done at once. The encampment elected the following officers for the ensuing term:

Chief Patriarch—Fred Young.  
High Priest—O. E. Smith.  
Senior Warden—A. O. Gifford.  
Scribe—C. T. Winslow.  
Treasurer—John C. Stanton.  
Junior Warden—J. W. Clark.

## A P. LOVEJOY IS NOT TALKING.

Janesville Man Runs Against Candidates But Does Not Commit Himself.

Ex-Senator A. P. Lovejoy, of Janesville, called at the Pfister Hotel in Milwaukee yesterday, but in answer to a query as to his candidacy he declared that he had nothing to say.

## Niagara Falls in the "Fast Mail."

The scene of Niagara Falls in the last act of "The Fast Mail," is the grandest piece of reality mechanical ingenuity ever presented on the stage of any theatre. The actual scene was so impressive that Lincoln J. Carter determined to reproduce it in his piece "The Fast Mail," and with such gratifying results as to be pronounced perfect by the thousands who have seen and compared it to America's wonderful natural waterfall.

## Bright, Plump and Rosy.

Which is the condition people should and may be, but alas! some are not. If you are not as you could wish, it will pay you well to read the valuable truths that Brown, Bros. &amp; Lincoln have in this issue, and to get a pair of their 7 button wonder shoes only \$2.48, same as you are asked \$3.50 for at all the other stores.

## Telegraph's Summer Issue a Model.

Publisher J. A. Watrous never issued a finer number of the Milwaukee Telegraph than his "summer edition" for 1894. This is high praise, for the special issues of the Telegraph have been models. The last effort is printed on fine book paper, contains an abundance of half tone cuts and a wealth of timely matter and swells to sixteen handsome pages.

## WIFE LEAVES A NOTE SAYING FAREWELL.

MR. AND MRS. JOHN F. PARKER SEPARATE.

Husband Will Learn of it Tonight When He Enters the Home and Gets the Letter Left on His Dresser—Dr. Yungst Buried Here—Wedding on Monday.

JOHN PARKER will be sorely surprised on getting home from a week's trip and entering his first ward home this evening. He will find a carefully prepared note from his young wife, notifying him that she has prepared to commence proceedings for divorce on the ground of "failure to support." Mr. and Mrs. Parker were married in this city two years ago, the wedding being one of the society events of the time. All but the most intimate friends had supposed that the young couple were as happy as could be. Mrs. Parker made known her intentions to several friends a few days ago at a tea party, stating that she would inform her husband by leaving a note on his dresser, and she would then leave the city. It is said she went to Oshkosh, in which city divorce proceedings will probably be commenced.

The men's meeting at the Y. M. C. A. rooms tomorrow afternoon will be a jubilee service. The association is just fifty years old. All men in the city are cordially invited to be present at 3 p. m. Music, both vocal and instrumental, with facts concerning the Y. M. C. A. throughout the world, will be given by several young men. Young men who have never attended these meetings are especially invited. Strangers welcome.

E. A. YOUNG, who succeeded, O. D. Lincoln, as traveling salesman for the M. D. Wells Shoe Co. has moved his family here, and will hereafter reside in Janesville. Mr. Young is as genial a gentleman as one cares to meet. He is a good citizen and will add very much to the welfare of Janesville.

W. G. HUNTER of St. Joe, Mo. and Miss May E. Wisner of 106 South High street, this city, will be married Monday June 4. Rev. Dr. Hodge of the Baptist church will officiate. Miss Lena Phillips of Oelwein, Iowa is in the city to attend the wedding and will remain until Thursday.

MAYFLOWER park will be open to the public on Sunday, June 3. The steamer Mayflower will make her regular trips during the day; free concert in the afternoon. Best of order guaranteed. The public cordially invited. Half fare on Sundays.

The funeral of Dr. Theodore Yungst will be held at his rooms No. 1 South Franklin street Monday at 2 p. m. Rev. George Kaempfein will officiate. The interment will be at Oak Hill, the idea of removing the body to Germany having been abandoned.

ST. PAULS LUTHERAN CHURCH—Mission festival at Schofo's grove. Morning service at 10 o'clock conducted by Rev. Max. Albrecht, director of Concordia college, Milwaukee. C. Proehl, of Lebanon, Wis., will conduct the service in the afternoon.

Whether you want it for style only, or durability only, or style and durability combined, you can find an umbrella at A. F. Hall & Co.'s, "the reliable jewelers" that will please you and the price will be right.

MONROE is split up between two celebrations—one arranged by the business men on the fair grounds, the other gotten up by the saloon keepers and intended to keep the people down town.

THE fish law now being "off" black bass and pike are suffering, and the fisherman can no longer say—"and I got a pike that weighed four pounds but they made me put him back."

MISS MARCIA WITHINGTON will spend the summer on Long Island sound with Mr. and Mrs. Herman Dick. The party leave for the east the latter part of next week.

I HAVE an introductory sidebar advertisement in this issue. The full list of prices will be given Monday. We will cut any price made by anyone else. Frank D. Kimball.

RICHARD VALENTE, the state fish commissioner, placed a carload of pike and white bass in Geneva Lake this week. The fish were all of good size; large enough to catch.

CHARLES WINDSOR of Beloit college, lent valuable aid in arranging the Greek tableaux at the Congregational church last night. He is the guest of Edward Holmes.

THOSE who are members of the high school class of '94 were glad of it last night. They were entertained at tea by Frank Vankirk, and enjoyed themselves most heartily.

We guarantee every sack of Jersey Lily and Cream flour we sell. If it is not as we say return it, and you may have your money back. Dunn Bros.

J. D. HOLMES' hustlers, otherwise the Janesville High School nine, went to Fort Atkinson this noon to play the High School nine of that city.

FRANK SPOON didn't waste a day after the game law expired, and came back from Fulton last night with twenty-five pike a black bass.

MISS MAUD MYERS, daughter of Mr. and Mrs. J. H. Myers, has finished her year's study in the conservatory of music at Oberlin, Ohio.

CAR of Straight family flour, fifty pound bag, fifty five cents. Not so white as the best, but worth much more. Grubb Bros.

The social event of next week will be the dedication of the new Concordia hall in the Bennett block, which

takes place on Tuesday evening, June 5. It will be strictly an invitation affair and the invitations will not be transferable. Smith's orchestra of twelve pieces will take part in the entertainment and furnish music for the dance.

RECEIVED to-day—Eighty pieces of new laces and insertions in black, but, cream and white. Bourdon, Irish, dentelle, oriental, and combination guipure styles, Venice, silk, Valenciennes, fine torchon, &c. We show over 1000 pieces of lace and insertions for the very low up to \$15 a yard. J. M. Bostwick & Sons.

CONVERSATION overheard: "For goodness sake put it away. Do you ask ten cents for that vest? Perhaps it is as good as the average, but compared to the vest that I can buy at Bostwick's for ten cents, I should say five cents was a big price for it."

PARASOLS, fine lace and chiffon trimmed in Damase. Jacquard, changeable, shot Louisiana and other silks, in all white, all black, black and white and colors, at one half to two thirds regular prices. Bort, Bailey & Co.

SPECIAL parasol sale Monday and Tuesday. Over 200 different styles of the latest novelties will go at prime New York cost. They are beauties—no such line ever before shown in Janesville. Bort, Bailey & Co.

PROFESSOR R. C. CHAPIN, of Beloit college, was delving among old records at the court house today, being engaged in compiling statistics of proportions of real and personal property for a series of years.

FOUR hundred suits will be put on sale Tuesday morning at Ziegler's. All are well made and very handsome goods. They are being marked now. It will be a great sale. See prices in Monday's Gazette.

A VERY fine line of Knight Templars' charms can be seen in F. C. Cook & Co's. show window. They are set with rubies and diamonds and include all the latest ideas.

MONDAY and Tuesday will be wonderful parasol days at Bort, Bailey & Co's. A manufacturer's entire line, of the most correct character, at prime wholesale cost.

## H. A. DOTY ANSWERS THE CALL OF DEATH.

LONG AND PAINFUL SICKNESS IS NOW AT AN END.

The Final Summons Came Just Before Noon Today and a Life of Forty-five Useful Years Was Terminated—Funeral Services Set For Monday Afternoon.

In the sleep that knows no awakening, in the rest that is eternal Henry Austin Doty closed his eyes just before noon today and a life that was fraught with good works came peacefully to an end.

Mr. Doty's death illness dated from last Thanksgiving day when he took a cold which terminated in pneumonia. He had been at the home of E. F. Carpenter, but left to take advantage of the first fall of snow by going sleigh riding. In getting the cutter out of the barn he fell and injured his side which further complicated his illness.

Mr. Doty was a progressive man, and from his boyhood he did more than his share in building up the city. His first work was with the Doty Manufacturing company, he being a machinist by trade. In this establishment he had an interest with his father, and was treasurer and general manager of the concern from 1869 to 1873. The following year he bought the D ty mill and ran it until 1881 when it was destroyed by fire. After rebuilding, Mr. Doty continued the business until 1883 and some little time later organized the H. A. Doty Box Company. This concern he sold out in 1889, and since then he has been a member of the H. A. Doty Light & Power Company, with which concern he was identified at the time of his death.

Born and Raised in Janesville. Mr. Doty was born in Janesville on June 5, 1849, and was the son of Ezra P. and Abbie Doty. He was educated in the city schools, and graduated from the Janesville Commercial College in 1867. A short time afterward he started to learn the machinist trade, and when it was mastered his active career begun, and was only cut short by death.

Mr. Doty was twice married. September 25, 1872 he wedded Miss Ella J. Lappin, daughter of Mr. and Mrs. Thomas Lappin. Her death occurred September 24, 1873 leaving one son, Thomas H., who also died a year later. In 1877 he was again married to the sister of his former wife, Miss Mary Esther Lappin who survives him. Two children are also left—one son, Lawrence L. who is ten years old and one daughter, Mildred, who is younger. The funeral services will be held Monday afternoon at 3 o'clock.

There will be many a voice in Janesville that will be involuntarily lowered when talking of the death of Henry A. Doty, for he was a man against whom naught could be said, for whom everybody could have a good word. In business he was a business man; in politics he was a republican but had never sought or desired public office devoting his time to his business matters with an energy that perhaps hastened his death. To the sorrowing wife and relatives tender sympathy will be extended. While the children are now too small to comprehend the affliction that has come to them, their later years will bring the knowledge that when their father was called a man answered whose guiding hand would have been of incalculable value to them, and one that Janesville could ill afford to lose.

## WANT THE COUNTY TAX CUT.

Board of Supervisors Send a Committee to the State Authorities.

Before the county board adjourned a special committee consisting of Messrs. Killam and Smith was appointed to confer with the state board of equalization in regard to getting a reduction in the state tax for Rock county. It was reported that all the bids for the old county poor farm had been too low, people believing the county was bound to sell anyway. The board decided to make no effort to sell until this year's crop was harvested. All the bids made were below \$11,000.

Supervisors Killam, Mayhew and Campbell, appointed at the January meeting for the purpose of adopting a uniform series of text books for Rock county, were continued on motion of Supervisor Vankirk.

On motion of Supervisor Mayhew the bounty on wolves killed after June 1st, will be \$5 instead of \$10 as heretofore.

These standing committees were named by Chairman Tarrant:

1. Tax Certificates and Illegal Taxes—W. T. Vankirk, George Cram, V. S. Davis.
2. District Attorney and Examinations of Insane—Simon Smith, E. Retheram, A. C. Powers.
3. Change of Names of Persons, Towns and Villages—W. B. Andrews, Alex. White, Charles Fease.
4. Vacating Towns and Villages—J. D. Godfrey, W. F. Letta, E. H. Stordeck.
5. Public Buildings—Fenner Kimball, T. B. Bailey, H. A. Egerton.
6. Appointing Jurors—W. F. Little, Byron Campbell, Wm. Brinkman.
7. Accounts of Receiving and Disbursing Officers—F. W. Coon, T. B. Bailey, K. Killam.
8. General Claims and Examinations of Insane—Simon Smith, E. Retheram, A. C. Powers.
9. Equalization—W. A. Mayhew, Second district, chairman; D. D. Treadway, Alex. White, O. A. Peterson; Third district, Robert More, J. D. Godfrey; Fourth district, D. F. Smith, C. E. Langworthy, Wm. P. Bentley.
10. Finance—V. S. Davis, K. Killam, Rush Beardsley.
11. Claims of Sheriffs, Constables, Justices, Change of Venue and Post Mortem Examinations—Robert More, W. A. Mayhew.
12. Report of Trustees and Superintendent of Insane Asylum and Superintendent of the Poor and Special Relief of the Poor—H. A. Egerton, W. W. Andrew, W. W. Swingle.
13. Purchasing Agents, Consisting of Two

Members of the Board and the County Clerk—F. W. Coon, D. F. Smith.

16. Consisting of Two Members to Act with the Chairman of the County Board for the Purpose of Approving the Bonds of all Newly Elected or Appointed County Officers—Simon Smith, Rush Beardsley.

BIG PRIZES FOR THE COUNTY FAIR

Many Special Premiums Offered by the Society and Local Merchants.

The premium list of the Rock county fair for 1894 is now ready for distribution. The book is an improvement on any former number. The departments being classified so they are easy to find. Many additions have been made to every department. The special premiums cannot but call out large exhibits, when twenty dollars is given as a prize for one pumpkin, forty dollars for an exhibit of poultry, an Elgin gold watch for the best team of draught horses, eighteen dollars for a lemon pie, sets of silver, etc. We predict the largest entries ever made at any Rock county fair. The buildings will be better filled than ever before. The purses for speed are three times the amount generally given, eighteen hundred dollars being appropriated for this purpose. Another good feature is that the superintendents have been selected from all over the county, a move which will give general satisfaction. The band tournament will bring out the best bands in Wisconsin, as \$100 in cash is the first prize, \$50 the second and \$35 the third prize, besides special prizes for drum majors, drummers and cornet players. The book is full of items of interest to every one in Southern Wisconsin. The children have received special attention, the best exhibit made to a boy, a silver watch; for girl, same. With no entry fee in this department, this will bring out an endless display, as the watches are in addition to the usual cash prizes. Then the question, who is the most popular farmer, and the most popular lady school teacher in Rock county, will create lots of interest. All the most prominent and pushing business men of Janesville have something to say in its pages. The books will be sent to every one during the month of June, but those who are in a hurry for one can get it by sending to Secretary Heimstreet.

The privilege of dining hall is for sale, and will net a good profit to some society who will take it.

## WORTH \$10 TO ANY MERCHANT

Charles Austin Bates Issues a 25 Cent Book on Retail Advertising.

"Advertising for Retailers" is the title of a little book by Charles Austin Bates, Vanderbilt Building, New York. Mr. Bates is the editor of the "Retail Advertising" department of Printers' Ink. He has had a long experience in advertising and the observations he has recorded in this book will surely aid any business man who reads them.

One good idea on advertising is worth ten dollars even to the smallest advertiser. This book contains many ideas and ought to be worth ten dollars to any man who will read it carefully. The price is twenty-five cents by mail from the author.

## BATTLE SCENE ON THE FOURTH.

Plans Made For a Big Celebration in the Bower City.

Plans were completed last night for the Fourth of July celebration. B. H. Baldwin was made marshal; Dr. J. B. Whiting president of the day; Dr. M. G. Hodge, chaplain, and Mrs. J. B. Day, reader. E. O. Kimberly, of the music committee, was instructed to provide a detachment of militia to assist the Monroe band in rendering a selection entitled, "Recollections of War," an imitation of a battle scene. Money for a drum corps was turned over to the G. A. R. It was reported that the Bower City band had been engaged for \$100. The committee adjourned to meet next Friday evening and arrange a programme.

## PARTY AT THE MAYORS HOUSE.

Miss Ada Thoroughgood Entertains Young Friends Very Pleasantly.

The beautiful home and grounds of Mayor and Mrs. John Thoroughgood, on Prospect avenue, were brilliantly illuminated last evening, the grounds with Chinese lanterns, while lights and draperies, flowers and foliage, beautified the interior. The occasion was a party given by Miss Ada Thoroughgood, a large number of her young friends being royally entertained. Music and social games served to pass the evening. Refreshments were served and the party did not break up until late.

William Goodson.

William Goodson, aged eighty-eight years, died at the home of his daughter, Mrs. L. T. Wilcox, 54 Hyatt street, at 5 o'clock this morning. Mr. Goodson was an old resident of the county. He enjoyed the confidence of a large circle of friends who had learned to respect his many sterling qualities. His wife died twenty years ago but seven children survive, Mrs. J. E. Gleason, Mrs. H. F. Nott, Mrs. Crandall, Mrs. Kemp and two sons and one daughter in the east. Funeral services will be held Monday at 10:30 o'clock, the burial being at Mount Zion.

## Big Trade in Dry Goods.

If there is a person within the city or county who has an idea that we are not selling the bulk of the dry goods now being sold in Janesville, we want them to come in and look at us a little while. No clerk is ever found sitting down in our store, they do not have time. We buy for spot cash, and sell likewise. Watch this paper for another drive Monday. Notice will be given Saturday.

## DID MAHAFFEY TRY TO SHOOT BITSON?

TWENTY PEOPLE SAY "OH DEAR, NO!"

Frank Barker Said He Saw the Shooting But a Lot of Clinton Witnesses Are Called to Prove That Barker Was Not On the Ground and so Couldn't Have Seen It.

The jury in the Mahaffey case will probably be under guard over Sunday, as the testimony for the defense will not conclude to-day. The state rested its case at noon, having taken the testimony of nine witnesses—Frank Barker, Will Jones, Jerome Shimeal, George Earl, W. A. Mayhew, Frank Salisbury, Ed. Merriman, S. M. Case and William McCommons.

"I think we have shown a very strong case," said District Attorney Wheeler this afternoon, "and I have very little doubt as to the results." The defense have twenty witnesses to testify.

"We shall call a number of witnesses to break down the testimony of Frank Barker," said Attorney C. E. Pierce of counsel for the defense. "We will prove that Barker was not there, consequently did not see the shooting." This indicates the line the defense will make, and the twenty witnesses have been subpoenaed with this in view. The defense will endeavor to show that there was no shooting, and that Mahaffey is innocent of the charge. The defense has the following score of Clintonites to testify: George W. Babcock, Daniel Shimeal, John Conly, Fred Bird, A. Woodward, James Murray, Charles Lee, J. F. Kemmerer, H. N. Cronkite, Frances Hoswaith, J. C. Green, Charles Ackley, Daniel Woodward, James Mair, Al. McMaster, Henry Cheesman, M. M. Murray, Will Elethorpe, H. C. Hollister, T. J. Lanphier.

## COXEY'S MEN WILL SOON BE HERE

Forty Five Industrials Left Madison For Janesville Yesterday Afternoon.

There's no telling when forty-five ragged and presumably dirty "rags" will amble into Janesville on foot or jolt into the town on the brakebeams of a C. & N. W. freight. Their alleged name is Coxeyite Industrial but the genuine and truthful name is "hobo bummers."

They are now somewhere between Janesville and Madison, having left the former place yesterday on the C. N. W., traveling on the passes. "Gen" Clark of Iowa is their leader. They stole a St. Paul train at Boscobal day before yesterday and had been riding brake teams on half a dozen different trains.

They are all of the genus tramp, and are apparently banded in the hope of enforcing better treatment than they secured as individuals.

## Sunny Day Ahead.

Forecast: Fair today and Sunday; slightly warmer.

The temperature as recorded by S. C. Burnham & Co. during the last twenty-four hours was as follows:

7 a. m.	54 above
1 p. m.	83 above
Max.	86 above

## Land for Sale.

Twenty-two-hundred acres of good and low-priced land for sale in northeastern South Dakota. This land is located in Duell county, 25 miles south-east of Watertown, only six miles from the Minnesota line and six miles from Clear Lake, the county seat, in the town of Norden, on the Burlington, Cedar Rapids & Northern R. R. One section lies within a quarter of a mile of Brandt station and all of section 9, 15, 17, and south half of 7 within two miles. North half of section 7 sold for \$12 per acre last year. This land is as good as any in Rock Prairie and lays to the county seat as Rock Prairie does to Janesville. There is running water on two sections and good well water within fifty feet of the surface. The country is well settled. Two school houses are on the land.

Price from \$10 to \$15 per acre.

One quarter down, the balance on time at 7 per cent.

## PRAISE THE SHAW FOR MANY MERITS.

### FAMOUS PIANISTS PRAISE THE GAZETTE PRIZE.

Everybody Who Has Examined the Instrument at S. C. Burnham & Co's Says the Things Said in Its Favor Were Justified—Conditions of the Contest.

What is thought of the Shaw piano by pianists, vocalists and teachers. This is not hard to find out.

When The Gazette chose an instrument it picked out the best to be had. The girl who wins this instrument may well rejoice. Here are a few statements published in St. Paul papers by those who have used the Shaw:

OSCAR L. LIENAU, tenor singer and teacher of the voice writes: "ST. PAUL, MINN., MAY 2, 1892. GENTLEMEN: I am extremely pleased with the Shaw Piano which I purchased of you. I have used it for some months and consider it a superior instrument. Its clear full tone and elastic touch is a delight not only to myself, but to my many friends, its sweet singing quality being especially noticeable, and I shall be pleased to recommend it to my pupils, etc., I am, yours respectfully, OSCAR L. LIENAU."

FREDERICK LEAVITT, the expert piano tuner: "ST. PAUL, MINN., MAY 1, 1892. GENTLEMEN: As compared with other first class instruments, the Shaw piano has the charming characteristics of each—all in one. Not a break in the scale. No rattling in the action. Never harsh nor metallic in tone. Stays in tune. Such is my admiration for the piano that I would not trade, 'even up' for any upright made. My own Shaw has not required any attention during the past year and is in almost perfect tune now. Yours respectfully, FRED. LEAVITT."

Professor William Manner, organist at the Cathedral and leader of the German Männerchor Singing society says: "ST. PAUL, MINN., MAY 6, 1892. I admire the Shaw Piano very much. Its construction is most excellent, the tone is round, rich and mellow, and altogether I consider them one of the very best pianos made today in this country. I can cheerfully recommend them. Respectfully yours, W. MANNER."

Those who wish to learn for themselves the quality of piano offered by the Gazette are urged to visit S. C. Burnham & Co's store. Several patterns of the Shaw are there shown. These instruments rank in the markets of the country just as Chickering, Steinways and Knabes, the four occupying first place. Everybody who has seen the Gazette piano is enthusiastic in its praise. It has a pure ringing tone, and its action is very fine. These qualities are what would be expected of a Shaw piano and The Gazette made no mistake in choosing that instrument.

Friends of contestants show a lively interest in the success of their favorites and votes are coming in rapidly. New subscribers should be reported as fast as secured, but coupons should be tied in bundles of one hundred each and kept until the day the competition closes. Votes have been cast up to date, for the following candidates:

Ainslie Tina.  
Baker, Bessie  
Baldwin, L. M.  
Campbell, Nellie Ruth  
Clifford, Alice M.  
Day, Edith  
Eldredge, Rose B.  
Ennis, Mary  
Frink, May  
Foster, Lahlie  
Gifford, Alice V.  
Gibbs, Maria J.  
Holt, Ellen  
Huggett, Miss Olive.  
Hayward, Minnie  
Kenyon, Cora  
Kastner, Alice  
Loucks, Maggie  
McCarthy, Maggie  
Nichols, Ida  
Peters, Nellie  
Pease, Bessie K.  
Randall, Carrie M.  
Wright, Ada V.

Names of other candidates will be added as fast as votes are received. Only bona fide candidates will be allowed. The rule that nobody is permitted to enter merely to represent an organized society will be strictly enforced.

From now until the contest closes a coupon will be printed in each issue of the Gazette.

1. Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

2. Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

3. Only one person can be voted for on one ballot.

4. The lady who receives the largest number of votes will receive as good and beautiful a piano as the Shaw Piano Company can make.

5. The contest will close June 30, 1894. Piano will be delivered as soon as the counting of votes is completed.

6. Any person who will bring The Gazette one new subscriber paid in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra

votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

We will be square with you, you must be square with us. No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

The polls will close at 9:00 p. m., June 30, but votes handed in before this will be duly credited. The contest will be conducted strictly "on the square." No partiality or unfair advantage will be taken or allowed in any case.

### HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

### A Monster Steam Thresher.

The Transfer and Implement Company have on exhibition the largest steam thresher ever seen in the county. It was made by the Advance Thresher Company of Battle Creek, Michigan, and was sold by the Transfer & Implement Co. to Charles Robinson, of Fairfield, Wis., for \$3,000. The cylinder is 40 by 50 inches. The machine is a self-feeder, automatic stacker and bagger, all driven by a fifteen-horse power traction engine. It is one of the best machines ever turned out by any factory, self steering, and when coupled together ready to move, it presents an appearance which is far beyond anything yet seen in this part of the country. It will be on exhibition at the Transfer Co's. place for about two weeks more, and every farmer and thrasher in the county is invited to call and see it. It is impossible to enter into details in order to describe this monster thresher. It must be seen to be appreciated. It is put up on the most scientific principles, and more easily handled than many smaller machines. The capacity is great and Rock county farmers will find it one of the most advantageous threshers ever used. The Transfer and Implement Co. will be pleased to show it to any one who calls there.

### HOPE FOR THE HAIRLESS.

Professor Birkholz, of Chicago, Gives Hope to Those Afflicted with Baldness—A "No Cure, No Pay" Treatment.

Professor B. Birkholz, of Chicago, the eminent German specialist, who for years has devoted his time and talent to the study of the hair follicles, and who has evolved the most successful treatment for baldness the world has ever known.

He will carefully examine each case and candidly inform the inquirer whether his baldness can be cured and the hair be restored. These examinations are made without charge.

In all cases where there are any hair follicles remaining undestroyed by age or disease the professor will undertake a cure, and if he does not effect a restoration of the hair he will ask no pay.

The remedy is an imported one, and the treatment given by the professor is his own, and cures where all others fail. If your case has been pronounced incurable do not take it as a final answer until you have seen Professor Birkholz and received his opinion.

Many persons have small bald spots through the hair. These increase in area and in time produce baldness. In such cases the hair follicles need nourishment. Prompt treatment will bring them into activity and restore the hair.

The success that has attended Professor Birkholz everywhere enables him to give a positive opinion in each case presented to him. Those who are bald or are threatened with baldness should not delay treatment, but call upon the professor at once. 1011 Masonic Temple Chicago.

Hand this notice to any first-class drug list and he will get the remedy for you at once, if he has not got it in stock.

For sale by Prentice & Evenson.

### Belgium's Great Exposition.

The international exposition recently opened at Antwerp will be more important, interesting and attractive to Americans than any other of the numerous European exhibitions of this year. One

of the most beautiful pieces of architecture on the grounds is the American building, which occupies the most prominent site accorded to any foreign nation. It measures 240 feet by 150, is approached by a broad marble staircase, and the main court is open to the dome and surrounded by a gallery containing 18 exhibition rooms.

## . We Want You to Distinctly . Understand

that in our efforts to secure your patronage, only legitimate means will be used. If we cannot have your confidence, we do not want your trade. The success, primarily, of any business is naturally gauged by its money making capabilities. There is, however, something behind that ---namely, a reputation for commercial integrity. We are here to stay. In Janesville's growth we want mirrored our own. We realize that it takes time, ability and hard work to reach the zenith of success in mercantile life.

The public, as a rule, are extremely critical and jealous of their rights. We do not expect all the business, as it is simply an impossibility for any one firm to please everyone. We do expect, however, to have the lion's share of it. Our reasons for expecting it are easily demonstrated.

The present times are very prolific in bargains to the shrewd buyer. Our position was such that we were enabled to take advantage of every opportunity presenting itself for close purchasing.

The fruits of our close buying are all ready for your inspection. We have no old stock purchased at anti-panic prices to work on the trade. We do not intend to advertise a staple article with which you are perfectly familiar at less than cost, to induce you to visit us (a method as you are well aware, by many firms.) Every article in our store is marked in plain figures. There will probably be no doubt about the price being cheaper than elsewhere. There will be no deviation from price marked. Our goods will be represented to you just as they are---no better or no worse. Your money will be refunded if they are not as represented. You have our gratitude for past patronage, and trusting to merit a continuance of the same, we are yours, to please,
